Energy Efficiency Solutions

Commercial Solar PV Solutions

The growth of any industrial business includes higher electricity consumption eroding profitability - with the concerns of electricity price increases managing this risk is important to any sound financial plan.

In line with our mission to providing a comprehensive solution to capital raising, in 2016 Uzenzele partnered with the leading EPC in South Africa for solar PV installations with over 24 MWp of commissioned and current projects, providing complete turnkey solutions with tier 1 equipment and 5 year workmanship guarantees.

The EPCs Projects Include:

1.5MWp for Clearwater Mall (largest in Africa as of Sept 2015)

1MWp Woolworths Distribution Center Midrand (Rooftop)

753kWP Senwes Cooperation Head Office (Rooftop and carport)

630kWP Greenstone Shopping Centre (Rooftop)
